---

Denise,  
I am checking on this topic this morning with the CDM insurance/legal folks and will let you know what I find out.

Susan

question #1 is related to the certificate.... I have never seen a pollution liability in our certificates... maybe it has been an all inclusive.

if you have never included such a coverage then I'll involve ORC (Marla attorney for Cabo)

We are in the process of getting the access agreement signed and will send it to you shortly. A few additional requests:

1. I see that the Certificate of Insurance does not list pollution liability coverage. I am sure that the environmental contractor has such coverage, so please ask them to include it in the certificate.
2. Also, will you be providing us with a copy of the results like you did last time. I assume so, but just wanted to confirm.
3. Do you have a date range when the contractor may visit the store?

Thank you and please call with any questions.

Be well,  
Andy
